

Weekly Report

School: Secondary School, Vila Verde

Technical Professional Course in Tourism

Student: Tania Daniela Vieira Vilas Boas

School year 2017/2018

Company: Sistema Turismo

Period of execution: 30/05/2018 to 30/06/2018

First day 30/05

We left school at 15:30 and we went to the Sá Carneiro Airport, this was the first time I would travel by plane, so I was very excited.

The trip was calm and lasted 2:30, we arrived at Bologna at 22:30. Then we took the cab to Rimini (San Giuliano a Mare) and we arrived at the Residence Record Hotel at midnight.

Second day 31/05

We went to the Office Sistema Turismo, where we met our tutors, Vasiliki Karagkouni (Vicky) and Tsvetomira Georgieva (Mira). They were very nice and explained us what we were going to do. I would stay at the agency Sistema Turismo.

Then we visited the city with our guide Giancarlo, an Erasmus student from Peru, that, nicely, showed us the interesting and the historical meaningful places.

Third day 01/06

We went to the beach and then we went to the supermarket to buy some food. The sea is very quiet, there are no waves and the water is warm, a very good surprise.

Fourth day 02/06

In the morning we went to the beach. At the afternoon we walked along the avenue near the sea and ate ice cream, the best I ever tasted.

Fifth day 03/06

In the morning we went to the beach. At the afternoon we walked along the avenue near the sea and visited the Marina.

Sixth day 04/06

I began my work at the office at nine o'clock, it was necessary to take the bus number 4 at Via Colletti to get to the center. I was feeling slightly confused but happy. At the office I met the other collaborators and the place. I started to translate some documents.

At dinner we went to a restaurant with the teachers to say goodbye to the teacher Fernando Rei. I ate a pizza with seafood, it was too big for me, but good.

Seventh day 05/06

I began my work at the office at nine o'clock, I continued to translate some documents.

Eighth day 06/06

I began my work at the office at nine o'clock and I continued to translate some documents.

Presentation the Sistema Turismo

The Sistema Turismo is a training and mobility agency of the ETN group, situated in Rimini and Potenza.

It is an organization that specializes in helping students and adults grow and learn in a changing world of different cultures. As it has partnered with schools across Europe, it has become the best and most successful Italian provider of work experiences in the education sector.

As part of the international ETN, the Sistema Turismo shares and contributes to a clear vision of the powerful magic behind what has been learned and trained in an international environment

The *Sistema Turismo* offers to its participants the Erasmus Plus (the company is responsible for the participant during Erasmus Plus period), Language courses (you have the proper ways to learn Italian in a fun way), Work Placements (develops and strengthens the professional competences of the participant in more than 300 selected companies capable of offering training programs in their area), seminars (events where you are offered a training plan created specifically for the needs of each one where information is given by professionals local or international), Experience Pro (discover a unique learning experience where you can create new dreams), Monitoring Activities (with the help of the tutors who guide the participants through a certified evaluation process that allows to evaluate their progress and achievements), ECVET Procedure (which the participant exploits the benefits of working with the ECVET Procedure),

Reports (in which they volunteer to assist in the report) and Certificates (offer certificates of language course, workplace, workshop or pro experience).

The benefits to the partners are: Big Bang Platform, planning support and an experienced tutor.

The services they have at their disposal are: tutoring and support, accommodation, maintenance, transfer, local transport and cultural activities.
