Weekly Report

This first week was very busy, as it was the week of adaptation to the city, Sofia; and the accommodation.

1st day (Wednesday):

Departure from Oporto at 12:25 p.m. on the 30th and arrived in Sofia, Bulgaria around 2 am on the 31st may.

We arrived in Bulgaria and were received by two ladies from Gateway who took us to the lodgings. They let us know the house and introduced us to some Portuguese members who are also doing an Erasmus + internship and informed us about the next day's planning.

With that, we packed our bags and went asleep.

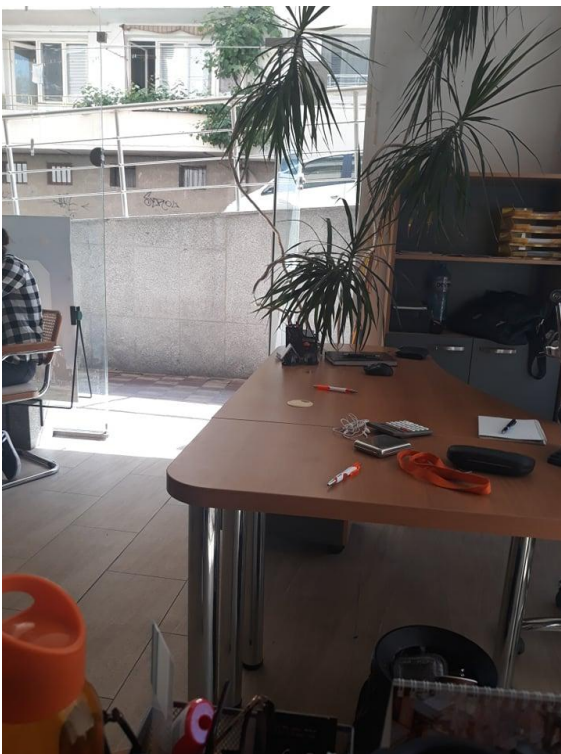

2nd day (Thursday):

Early in the morning, we went to the Gateway office where we were offered a map of the city and information about it. Then we went with the ladies to visit the city and we met the city center and some monuments. At the end of lunch, we came back home to rest. At the end of the afternoon we went shopping.

3rd day (Friday):

We got to know our internship place, along with our teachers. We spent the day there, our tutor explained us what the agency "Kalina Travel" is, we defined the time of entry and exit and then they gave us a job to perform, in which we had to look for travel agencies in Portugal and the respective licenses.

4th day (Saturday):

We had some rest in the morning, and in the afternoon we went for a walk with the teachers. At the end of the afternoon we returned home.

5th day (Sunday):

In the morning we were at home and at the end of lunch we went to the supermarket. When we got home and we did the first cleaning. In the end, because it was the last day of the teachers here, we went with them and had dinner together.

6th day (Monday):

On this day we went to know the new facilities of the agency. It's still changing. We knew the space and we learn the way to get there.

7th and 8th days (Tuesday and Wednesday):

We went back to the initial office and continued the work the tutor gave us.
